

Lecture-1

Evolution of Name

14 November 1934
Agra Municipality

Capital

State Reorganization

→ 1 Nov 1956

9 November 2000

→ Uttarakhand

↓
13 Districts

→ Uttarakhand (2007)

First official language →

Hindi (October 1947) → 1951

Approved in all offices (26 January 1968)

2nd official language →

Urdu (1989)

Symbols (प्रतीक/चिन्ह) of Uttar Pradesh

- ① State Bird → Sarus Crane / क्रेन → Mainpuri Stawish → Dudhwa and Kishanganj (Lakhimpur Kheri)
↓
Biggest District
- ② State Animal → Swamp Deer (12 सिंघा) → Dudhwa and Kishanganj (Lakhimpur Kheri)
↓
Biggest District
- ③ Sport → Hockey
- ④ Tree → Ashoka

- ⑤ Flower → Palash
- ⑥ Emblem → A circular seal featuring fish, a bow and arrow, and a confluence of Rivers → Approved in 1938
- ⑦ Sweet → Jalebi
- ⑧ Fish → Chital

Uttar Pradesh

→ 11 districts

④ Lalitpur

- ① Agra ② Aligarh ③ Allahabad ④ Amethi ⑤ Azamgarh
- ⑥ Ballia ⑦ Barabanki ⑧ Bulandshahr ⑨ Etah ⑩ Ghazipur ⑪ Gonda

Dalme

→ 3 districts

- ① Baghpat
- ② Ghazipur
- ③ Gonda

UP ka Area → 243,290 Sq. Km
240,928 Sq. Km
733% of India

Distance (Extreme points)

650 Km (East-West)
240 Km (North-South)

- ① Rajasthan
- ② Madhya Pradesh
- ③ Maharashtra
- ④ Uttar Pradesh → 4th largest
- ⑤ Gujarat

- Largest Districts
- ① Lakhimpur Kheri
 - ② Sonbhadra
 - ③ Hamir
 - ④ Sitapur
 - ⑤ Prayagraj

- Smallest Districts
- ① Hapur
 - ② Bhadohi (Sikr)
 - ③ Ghaziabad
 - ④ Shamali

Lecture - 2

Physical Division of Uttar Pradesh

Parallel to Shivalik Himalaya

Bundelkhand (South-east of UP)
 Son — Biggest River
 Rihand — Tributary

① Bhabar

- Horizontal strip on the northern part of Uttar Pradesh
- located on foothill of the Shivalik
- Saharanpur to Rudhangan
- Forms due to large pebbles brought by the rivers, rivers disappear, rich in vegetation but not suitable for agriculture
- 8-16 km breadth

② Tarai

- located south of Bhabar, Rivers become visible. Dense vegetation
- 16-30 km breadth
- Pebbles are small and fine. Moisture is good. Good Agriculture → Wheat, Rice, Jute etc.
- Formed by Rivers

③ Ganga + Yamuna Plain

- 80 km breadth, 500 km length, 300 meters elevation
- Highly fertile

Khadan	Bhangan
New Alluvial	Old Alluvial

④ Plateau Region (Bundelkhand included) → 7 Districts

- ① Jalaun ② Hamirpur ③ Lalitpur
- ④ Mahoba ⑤ Jhansi ⑥ Banda ⑦ Chitrakoot

- 300-600 meters elevation
- Slope towards North
- Horrible Agriculture
- Dry Deciduous Vegetation, Thorny Vegetation
- Dolomite, limestone, Sandstone, Copper, Diamond
- जलसिंधु घाटी

Betwa, Ken, Dharan, Ton (Tamura) — Important Rivers of Bundelkhand
 Granite and Gneiss Stone

Lecture - 3

Climate of Uttar Pradesh

Tropical, Monsoon type

Köppen → Dry winter climate

Thornthwaite → Sub-humid climate

Seasons

Summer

Rain

Winter

(i) Summer March → June

Average Temperature 36-38°C

Minimum 21-23°C

Maximum 47°C

Loo common in Summer

Bareilly → Least Garmi
Banda → Maximum Garmi

(ii) Rainy Season Mid-June - September

Western Disturbances
(17%)

South-West Monsoon
(83-85%)

Bay of Bengal

Arabian Sea

- Rainfall in east UP → 100-120 cm, 112 cm Average
- " " West " → 60-90 cm, 84 cm Average
- " " Centre " → 80-100 cm, 94 cm Average
- Plateau region → 50-100 cm, 91 cm Average

(iii) Winter Season October - February

West to East and South to North Winter increases (Temperature decreases)

Average Temperature → 28°C

Lowest (Plateau Region) → 13°C

Plain (Lowest) → 7-10°C

Western Disturbances causes rain in winter

Agro-climatic zones of Uttar Pradesh

Divided into 9 parts

- ① Bhabar-Terai Region
- ② Western Plain Zone
- ③ Mid-Western Plain Zone
- ④ South-Western Semi-Arid Zone
- ⑤ Central Plain zone
- ⑥ Bundelkhand zone
- ⑦ Eastern Plain zone
- ⑧ Vindhya Zone
- ⑨ North-Eastern Plain Zone

Lecture - 4

Rivers of Uttar Pradesh

① Ganga River	Entry	Bijnor	Exit	Ballia
② Ramganga River	Entry	Bijnor	Joins	Kannauj
③ Gomti River	Origin	Pilibhit	Joins	Ghazipur
④ Ghaghra River	Entry	Bahraich		
⑤ Gandak River	UP-Bihar Border			
⑥ Yamuna River (UP-Rajasthan Border)	Entry	Sahasganj	Joins	Allahabad
⑦ Chambal River	Entry	Jhansi	"	Etawah
⑧ Sindh River	"	Jalaun	"	Jalaun
⑨ Betwa River	"	Lalitpur	"	Haminpur
⑩ Ken River	"	Banda	"	Banda
⑪ Tons/Jhelum				
⑫ Karmnara River				
⑬ Son River				

② Ramganga — Dudhatoli Glacier, U.K. ^{596 Km}
 Meets Ganga at Kanhaaj
 Enters UP via Bijnor District → Kolagarh Dam
 Banailly, Moradabad
 (Biggest Dam of UP)

③ Gomti River — Gomati Tal Lake, Madho Taba village, Pilibhit
345-360 Km
 Pilibhit, Jaunpur, Sultanpur, Ghazipur → Kaithi

सई नदी — meets gomti near Jaunpur
 Pratapgarh

④ Ghaghra — Mapchachung Glacier ^{1080 Km}
 Kali, Karnali — other names
 enters UP — Bahraich — Lucknow

Tributaries → Rapti, Saryu
Mahabharat Range
Rohini joins Rapti → Ganeshpur
Ajodhya
 Series of Ganeshpur → Achinasoti → Olden name → Saraswati located on this
Behraich, Gonda, Bartei, Ajodhya, Chhapra
 Largest Tributary of Ganga (water volume)

⑤ Gandak — Nubine Himal Glacier
 Difficult to cross — Saligram (Nepal) Narayani (Plain area) Sabarwa (Punjab)
 Enters U.P., Maharajganj district, forms UP-Bihar border

- ⑥ Yamuna — Yamunotri Glacier, Bandarpunch, 1376 Km
 Enters UP — Saharanpur, flows through 19 districts of UP
 Joins Ganga at Prayagraj
 Saharanpur, Mathura, Agra, Etawah
 Biological — Desert due to extreme pollution — Delhi, Mathura, Agra
 Hathinikund Barrage on Yamuna
 Also known as Rohini River

Tributaries

Left

Chambal
 Sindh
 Betwa
 Ken

Right

Tons

longest Right bank tributary

Hindon

Ghaziabad, Meerut

Rohinganga

- ⑦ Chambal — Janapahadi, Malwa Plateau
 Enters / Joins — Etawah
 Tributaries — Parvati, Kshipra, Kali Sindh, Banas
 Jawahar Sagar + Rana Pratap Sagar
 Indira Sagar → MP
 Rajghat

- ⑧ Betwa — Vetravati — old name
 Raipur Hill
 Joins Yamuna — Hamirpur
 enters via — Lalitpur
 Rajghat Dam, Parichha Dam, Matatila Dam
 Rani Laxmibai Dam

- ⑨ Ken — Raipur Hill
 meets Yamuna at Banda
 Betwa + Ken Link
 Ground Valley
 Other
 Rihand River
 Important Tributary

- ⑩ Son — Amarkantak (Ansoapur) — At Patna meets Ganga

Lecture-5

Lakes of Uttar Pradesh

Wetlands

2 Feb 1971 → Ramsar Convention, Iran
India Joined → 1 Feb, 1982

- ① Upper Ganga → First Ramon of UP, Bulandshahr, Briggshot to Narnana, 8 Nov 2005
- ② Parwati Ganga → Granda, 2019
- ③ Samarpur Bird Sanctuary → Mainpuri, 2019
- ④ Sarnas Bird Sanctuary → Rae Bareilly, 2019
- ⑤ Sandi " " → Hardoi, 2019
- ⑥ Patna " " → Etah, 2026
- ⑦ Suranawan → Agra, 2020
- ⑧ Haidarpur → Muzaffarnagar, 2021
- ⑨ Bakhera → Sant Kabir Nagar, 2022
- ⑩ Sarrai Nawan → Etawah, 2019
- ⑪ Shekha Jheel → Aligarh, 2026
- ⑫ Bird Sanctuary
- Aligarh - Muzaffarnagar border

Lecture-6

Dams and Irrigation sources

Biggest Dam → **Rihand Dam**, **Sonbhadra**, **Pipri** 1962
Nagwa Dam, **Sonbhadra**, **Karunahara River**
Obra Dam, " , **Rihand River**
Kanhan Dam, " , **Kanhan River**

Kanhan and Rihand
rivers are tributaries
of Gom River

Highest Dam → **Kalagarh**, **Ramganga River**
 → Renamed as **Ramganga Dam**

Waterfalls of Mirzapur

- ① Tanda
- ② Vidam
- ③ Lekhaniya
- ④ Mukkha
- ⑤ Chunadari
- ⑥ Sirsi
- ⑦ Kushiya

Lalitpur
Dams

Rajghat Dam, Betwa River, 2000

Govind Sagar Dam, Shehzad River (Betwa Trib)

Matatila Dam, Betwa River 1958

Rohini Dam, Rohini River

Jamini Dam, Jamini River (Betwa Trib)

origin, Vindhya Pradesh MP

Jhansi

Subma-Dukma Dam, Betwa River → 1969

Panichha Dam, Betwa River

Pattarai Dam, Tributary of Dhasan River

Mahoba

Urmila Dam, Urmila River

Arjun Dam, Arjun River

Salaspur Dam, Kandiya River

Chandauli

waterfalls

Chandraprabha Dam, Chandraprabha River
Moorakhand Dam, Moora River

- ① Rajdari
- ② Devdari

Barrages

- ① Hathinkund Barrage, Yamuna, Saharanpur

Beneficiaries
UP, Haryana, HP, Delhi

Important Canals

① Upper Ganga Canal, Planned - 1842, Ready - 1854
PT Cautley - Father of this project

→ 298 Km

→ Haridwar origin

First Potable Water Model Village - Jakhni Village
Banda

State Ground-Water Day - 10 June

Khatima Hydroelectric Project - Sarda Canal
Udham Singh Nagar, UK.

Saryu Canal - Bahraich

② Middle Ganga Canal

→ Bijnor origin

1988

115km

③ Lower Ganga Canal

Planned - 1871 Ready - 1878

→ Naraura origin

④ Ramganga Canal

1974, Bijnor - origin
Rathvahini

⑤ Sharda Canal

Nepal-UP Border, near Varanasi

Approved - 1968 Ready - 1974

Irrigates maximum area of UP

First Irrigation office → 1823, Sahanpur

Maximum concentrations of Canals - West UP

Most number of Canals - Rae Bareilly

Oldest canal since 1631 - Eastern Yamuna Canal
(Shajapur)

District with maximum Tubewell Irrigation - Meerut

Biggest Potable Water Scheme - Groher Bypass

Tubewells 73.4%
Canals 15.2%
Wells 8.6%
Tanks, Ponds & others 0.6%
Others 2.3%
